

## Substitutes

### Substitute Teachers—

If possible, all substitute teachers shall possess valid license in the subject matter for which they will be teaching or possess a valid license in a field commonly taught in public schools. It is desirable that all substitute teachers hold a valid teaching certificate or a college degree. However, in an emergency, the District may authorize the Superintendent to hire, as a substitute; an individual who the Superintendent determines is capable of managing a classroom and carrying out the instructional program, even though the individual may not qualify according to the criteria listed above.

An individual seeking employment as a substitute teacher shall furnish evidence to the District that the individual is physically and mentally fit to work.
