Establishing Concurrent Enrollment Courses—

The District may establish concurrent enrollment courses by entering into a contract with an institution of higher education to provide such courses. The District and the institution of higher education must (a) ensure that the course instructor is an eligible instructor, (b) establish qualifying academic criteria for enrollment in the course, (c) ensure that students enrolling are eligible students, and (d) coordinate advising of the eligible students.

In establishing a particular concurrent enrollment course, the District must first offer to contract with the designated institution of higher education for the course. If the designated institution of higher education either chooses not to offer the course or does not respond to the District’s proposal within 30 days, the District may then contract with another institution of higher education to provide the course.
