

MEMORIALS ON SCHOOL PROPERTY

Permanent memorials or remembrances of students or staff who pass away while attending or while employed in Kane School District will not be allowed on district grounds or in district buildings.

Temporary tokens or acts of love and sympathy are appropriate and encouraged during the memorial period. The building administrator will determine an appropriate length of time for the memorial period after which time any and all memorial items brought to the school in behalf of the person will be given to the family for their remembrance.

This policy does not restrict or prohibit the creation of scholarships or endowments in behalf of individuals. A page in the annual yearbook would also be an acceptable way to honor and pay respect to those who pass away while attending or working in our institutions.

Current structures, trees, pictures and etc. that are now in place are welcome on our grounds and buildings and will be preserved and maintained to the best of our ability.
