

Curriculum: *Required Instruction*

Required core curriculum—

The District's curriculum shall at least meet the minimum requirements of state law and State Board rules. Those minimum requirements are to contain the essential elements of each subject at appropriate grade levels. The essential elements represent the core knowledge, skills, and competencies all students should learn to be effective and productive members of society. The District may add elements at its discretion but shall not delete or omit instruction in the essential elements.

In addition, the District shall provide character education in connection with regular schoolwork, through an integrated curriculum approach. Instruction in this area shall emphasize honesty, temperance, morality, courtesy, obedience to law, respect for and an understanding of the constitutions of the United States and the state of Utah, the essentials and benefits of the free enterprise system, respect for parents and home, and the dignity and necessity of honest labor and other skills, habits, and qualities of character which will promote an upright and desirable citizenry and better prepare students for a richer, happier life.

The District may, upon request of a student or parent and with parental consent, substitute a course requirement set out above with a course, extracurricular activity, or experience that is either similar to the course requirement or consistent with the student's plan for college and career readiness. The request shall be made in writing, shall include a parent's signature, shall identify the proposed substitution,

and shall explain how the proposed substitution meets the foregoing standard. This request shall be initially evaluated by the counselor responsible for the student, who shall determine whether the request contains the required elements and shall make a recommendation regarding whether the request should be approved or denied. This recommendation shall be submitted to the principal or the principal's designee, who shall grant or deny the request. If the student or parent is dissatisfied with the determination of the principal, the decision can be appealed to the Board of Education or its designee, which shall review the decision and determine whether it should be changed. The decision of the Board or its designee is final.

College and Career Readiness Mathematics Competency—

A student who is pursuing a college degree after graduation must take a full year mathematics course during the student's senior year unless the student has, before the beginning of the senior year, met one of the following requirements:

1. A score of 3 or higher on an Advanced Placement (AP) calculus AB or BC exam;
2. A score of 3 or higher on an Advanced Placement (AP) statistics exam;
3. A score of 5 or higher on an International Baccalaureate (IB) higher level math exam;
4. A score of 50 or higher on a College Level Exam Program (CLEP) pre-calculus or calculus exam;
5. A score of 26 or higher on the mathematics portion of the American College Test (ACT) exam;
6. A score of 640 or higher on the mathematics portion of the Scholastic Aptitude Test (SAT) exam; or
7. A "C" grade or higher in a concurrent enrollment mathematics course that satisfies a state system of higher education quantitative literacy requirement.

A non-college degree seeking student shall complete appropriate math competencies for the student's career goals as described in the student's Plan for College and Career Readiness.

The college or career readiness mathematics competency requirement may be modified if the student has a disability and the modification to the competency requirement is made through the student's IEP.
