

Employee Drug Policy

Board Policy—

The Board recognizes that the unlawful use, possession, distribution, or sale of alcohol, narcotics, or other dangerous drugs is illegal according to federal and Utah law and constitutes a hazard to students. The Board encourages the development and implementation of programs which will provide information on the harmful effects and aid in the prevention of drug and alcohol abuse. The Board supports programs that coordinate school and parent cooperation in attempting to prevent problems of drug abuse and support programs that assist parents in seeking outside professional help from public and private educational and rehabilitative programs.

The Board delegates to the Administration responsibility for providing educational prevention programs, procedures for violations, support for employees, students and their families in all efforts of drug and alcohol prevention.

Administrative Policy—

The Administration recognizes the need to reduce the risk of use and the abuse of illegal substances among employees. Therefore, the use or possession of alcohol or illegal drugs, counterfeit substances, and all associated paraphernalia is prohibited at any school district location (as defined in this policy).

Employee Drug Policy—

No employee shall distribute, dispense, possess, use or be under the influence of any alcoholic beverage, malt beverage or fortified wine or other intoxicating liquor or unlawfully manufacture, distribute, dispense, possess or use or be under the influence of any narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana, anabolic steroid or any other controlled substance, as defined in the Utah Controlled Substances Act, schedules I through V of Section 202 of the Controlled Substances Act ([21 U.S.C. § 812](#)) and as further defined by regulation at [21 CFR § 1300.01 through 1300.05](#), before, during or after school hours at school or in any other school district location as defined below.

Marijuana and Cannabis—

This policy applies to narcotics, drugs and controlled substances as defined in law. Although some actions involving medical marijuana are no longer prohibited under Utah law, federal law still prohibits the manufacture, sale, distribution, and use of marijuana and conditions receipt of federal education funding on maintaining a

drug-free workplace. As a recipient of federal funds, the district has an obligation to maintain a drug-free workplace. Thus, marijuana possession, sale, distribution, and use in the workplace is prohibited under this policy. However, an employee who has a valid medical cannabis card is not subject to adverse employment action for failing a drug test due to marijuana or tetrahydrocannabinol unless there is evidence that the employee was impaired or otherwise adversely affected in the employee's job performance due to the use of medical cannabis. This limitation on adverse employment action does not apply in any circumstance when it would jeopardize federal funding.
