Parent and Family Engagement Policy

In support of strengthening student academic achievement, **Kane County School District** receives Title I, Part A funds and therefore must jointly develop with, agree on with, and distribute to parents and family members of participating children a written parent and family engagement policy, agreed on by such parents, that shall describe the means of carrying out the requirements of The Every Students Succeeds Act (ESSA) Section 1116. Parents shall be notified of the policy in an understandable and uniform format and, to the extent practicable, provided in a language the parents can understand. Such policy shall be made available to the local community and updated periodically to meet the changing needs of the parents and the school. The policy establishes the school's expectations for parent and family engagement and describes how the school will implement a number of specific parental and family engagement activities.

Kane County School District understands that parent and family engagement means the participation of parents and families in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring:

- Parents and families will play an integral role in assisting their child's learning
- Parents and families are encouraged and will be provided opportunities to be actively involved in their child's education at school
- Parents and families are full partners in their child's education and will be included, as appropriate, in a variety of decision-making groups and on advisory committees to assist in the education of their child

Kane County School District agrees to implement the following requirements as outlined by ESSA Section 1116:

A. ANNUAL TITLE I MEETING

Kane County School District will take the following actions to conduct an annual meeting, at a convenient time, and encourage and invite all parents of participating children to attend to inform them about the school's Title I program, the nature of the Title I program, the parents' requirements, the school parental involvement policy, the school-wide plan, and the school-parent compact.

B. FLEXIBLE NUMBER OF MEETINGS

Kane County School District will offer a flexible number of engagement meetings at convenient times for families, such as meetings in the morning or evening (for which the school may use Title I funds to provide transportation, child care or home visits, as such services relate to parental involvement).

C. JOINTLY DEVELOPED

Kane County School District will take the following actions to involve parents in an organized, ongoing, and timely way, in the planning, review, and improvement of programs under Title I, Part A,

including the planning, review, and improvement of the school parent and family engagement policy and the joint development of the school-wide program plan. KCSD will actively seek out parent participants to collaborate with the school district and individual schools to review and improve programs in both the core and specialty curriculums offered in the neighborhood school.

D. COMMUNICATION

Kane County School District will provide parents of participating children timely information about programs under Title I, including:

- a) A description and explanation of the curriculum in use,
- b) Forms of academic assessment used to measure student progress,
- c) Achievement levels of the challenging State academic standards, and
- d) If requested by parents, opportunities for regular meetings to formulate suggestions and participate, as appropriate, in decisions relating to the education of their children and respond to any such suggestions as soon as practicable possible.

Information related to the school and parent programs, meetings, and other activities, will be sent to the parents of participating children in an understandable and uniform format, including alternative formats upon request and, to the extent practicable, in a language the parents can understand

E. DISSENSION PROCESS

Kane County School District will submit any comments/concerns to the Kane School District Federal Programs Director if the school-wide plan and/or parent and family engagement policy is not satisfactory to parents.

*Any comments/concerns can be emailed to the Director of Federal Programs, Chris Kupfer
chris@kanek12.org*

F. SCHOOL-PARENT COMPACT

Kane County School District will take the following actions to jointly develop with parents of participating children a school-parent compact that outlines how families, school, staff, and students will share the responsibility for improved student academic achievement and develop a partnership to help children achieve the state's high standard and how the plan is used, reviewed, and updated.

Kane County School District will hold an annual parent meeting to review and discuss any needed changes to the jointly developed school compact. This compact will outline how the entire school staff, parents, and students will share the responsibility for improved student academic achievement. The compact will describe not only the school's responsibility in providing high quality instruction and curriculum, but also the student and parent responsibilities for meeting and supporting the learning processes. The compact will address how parents have reasonable access to staff, receive frequent reports on their students progress, and have the opportunity to volunteer and observe in the classroom.

G. BUILD CAPACITY OF PARENTS

Kane County School District will build the parents' capacity for strong parental involvement to ensure effective involvement of parents and families and to support a partnership among the school and the community to improve student academic achievement through the following:

- Materials and training to help parents to work with their child to improve their child's achievement, such as literacy training and using technology (including education about the harms of copyright piracy), as appropriate, to foster parental involvement
- Provide assistance to parents of participating children, as appropriate, in understanding topics such as the following:
 - the State's academic content standards,
 - the State's student academic achievement standards,
 - the State and local academic assessments including alternate assessments,
 - the requirements of Title I, Part A,
 - how to monitor their child's progress, and
 - how to work with educators to improve the achievement of their children.
- Educate school personnel, specialized instructional support personnel, principals, and other school leaders, and other staff, with the assistance of parents, in the value and utility of the contributions of parents, and in how to reach out to, communicate with, and work with parents as equal partners, implement and coordinate parent programs, and build ties between parents and the school.
- Coordinate and integrate parental involvement programs and activities with other Federal, State, and local programs, including public preschool programs, and conduct other activities, such as parent resource centers, that encourage and support parents to fully participate in the education of their children.

Kane County School District will offer parent workshops on an as needed basis. We will also continue to encourage parents to use online resources such as Khan Academy, Lexia, and Renaissance. We have also purchased brochures and other reading material to assist parents in supporting their child's academic success.

H. ACCESSIBILITY

Kane County School District in carrying out the parent and family engagement requirements of this part, to the extent practicable, shall provide full opportunities for the participation of parents and family members (including parents and family members with limited English proficiency, parents and family members with disabilities and parents and family members of migratory children), including providing information and school reports required under section 1111 in a format, and to the extent practicable, in a language such parents understand.

Parent Volunteers will be asked to work within the community to garner support for events such as Field Day, Family Nights, PTA Meetings, parent conferences, Parenting Training opportunities, and various other parent events. Surveys will be sent out to parents to gather input from parents regarding topics of need and to identify barriers to parent participation. Parent workshops will be held as needed (interpreters will be available to assist with non-English speaking parents and/or parents with disabilities) to encourage parental involvement in academia. Family and community persons will be made aware of the training sessions through resources such as newsletters, use of the school sign, media, and the school web site. Parents as Partners in Education meetings will also be held.

I. NEEDS ASSESSMENT

Kane County School District in collaboration with stakeholders, will conduct an annual needs assessment of the Title I program in order to:

1. Identify if there has been an appropriate use of the funds provided through Federal Title I Programs

2. Determine if instructional programs used in Title I schools are research based and instructionally sound.

3. That regular progress monitoring is focused on student achievement, and

4. That parents are actively engaged in the education of their students

If the collected data would indicate that any of the above factors are in need of improvement or revision, the stakeholders committee, in collaboration with the District Federal Programs Director will make advisory recommendations to the schools for implementation of suggested revisions.
