Dear Parents,

The Kane County School District appreciates parent/guardian involvement in the educational process to work collaboratively and collectively to ensure student academic success. We invite parents to access ASPIRE to track grades, school lunch balances, and attendance. Please check your phone contact preferences in ASPIRE to ensure you receive up-to-date, pertinent information from the schools.

As a District, we are committed to transparent and open communication. If parents have questions, we suggest contacting the classroom teacher to resolve issues. Parents have the opportunity to serve on School Community Councils, PTA/PTO, and the Kane Education Foundation to work jointly with school personnel to help our students. We appreciate parents. We value parent involvement in our school system to help students achieve their academic potential.

Respectfully,

Dr. LoRal Linton, President

Brian Goulding, Vice President

Karen Kelly, Board Member

Lisa Livingston, Board Member

Danny Little, Board Member
