

Help Your Child Build Kindergarten- Ready Skills at Home

Waterford UPSTART is an interactive, at-home PreK learning program available at no cost to Utah families. In just 15 minutes a day, five days a week, children build kindergarten-ready reading, math, and science skills through fun, personalized lessons that adapt to their learning level. Families also receive support from a dedicated Family Coach and access to helpful resources in both English and Spanish, making it easy to fit learning into everyday routines. Thanks to the state legislature for making this program available. In the Kane County School District, we consistently see that students who enroll in UPSTART achieve higher academic scores and enter kindergarten ready to read.

Now enrolling for children entering kindergarten in 2027.
