Use of Sex-Designated Privacy Spaces—

Students may only access operational sex-designated privacy spaces designated for student use if the student's sex corresponds with the sex designation of the privacy space. This restriction does not apply to intersex students.

[Utah Code § 63G-31-301\(1\), \(5\)\(b\) \(2025\)](#)

If a student requests use of a privacy space other than the sex-designated privacy space that corresponds with the student's sex, because of the student's gender identity or because of reasonable fear of bullying, the District shall coordinate with the student's parent to develop a privacy plan that provides the student with reasonable access to a unisex or single-occupant facility or reasonable access to a faculty or staff restroom. If such access is unavailable, the student shall be provided with reasonable access to private use of an otherwise sex-designated privacy space through staggered scheduling or other arrangement providing temporary private access.
